A modern white metal bed frame is shown with a white duvet featuring a dark, wavy, abstract pattern. A white pillow with a dark floral pattern is at the head of the bed. To the right, a glass-topped bedside table holds a tall, slender, light-colored ceramic vase with three white roses, and two lit white candles. The background is a plain, light-colored wall.

*Stylish  
and  
modern  
beds*

*Made by* GUBAD

**Dear Sirs,**

*We would like to present you with our latest catalogue of metal beds produced by "GUBAD" and exported to Western European countries. You will find in our offer abundance of ornaments, refinement of materials, elegance of form characteristic for the Early English style, as well as modern elegance. Thanks to our wide range of products you can arrange interiors according to your expectations.*

*Beds presented in the catalogue are special thanks to their unique character and despite the fact that every model is produced in large numbers, every bed is customized. Most of our beds are available in sizes: 90x200, 100x200, 120x200, 140x200, 160x200, 180x200, 200x200.*

*You will find in our offer the best quality of products together with original design and aesthetic value of workmanship.*

*It needs to be mentioned that "GUBAD" has been functioning on the European market since 1995, exporting products to many Western European countries. In 2006 our company introduced Integrated Management System which fulfils the requirements of the following standards: PN-EN ISO 9001:2015-10 and PN-EN ISO 14001:2015-09.*

*This catalogue will bring you up to date with our latest offer. You are welcome to start cooperation with us.*

*With regards,*

*Company's founder, Designer,  
President of the Board of Directors

## ***Why is it worth ordering a bed at GUBAD?***

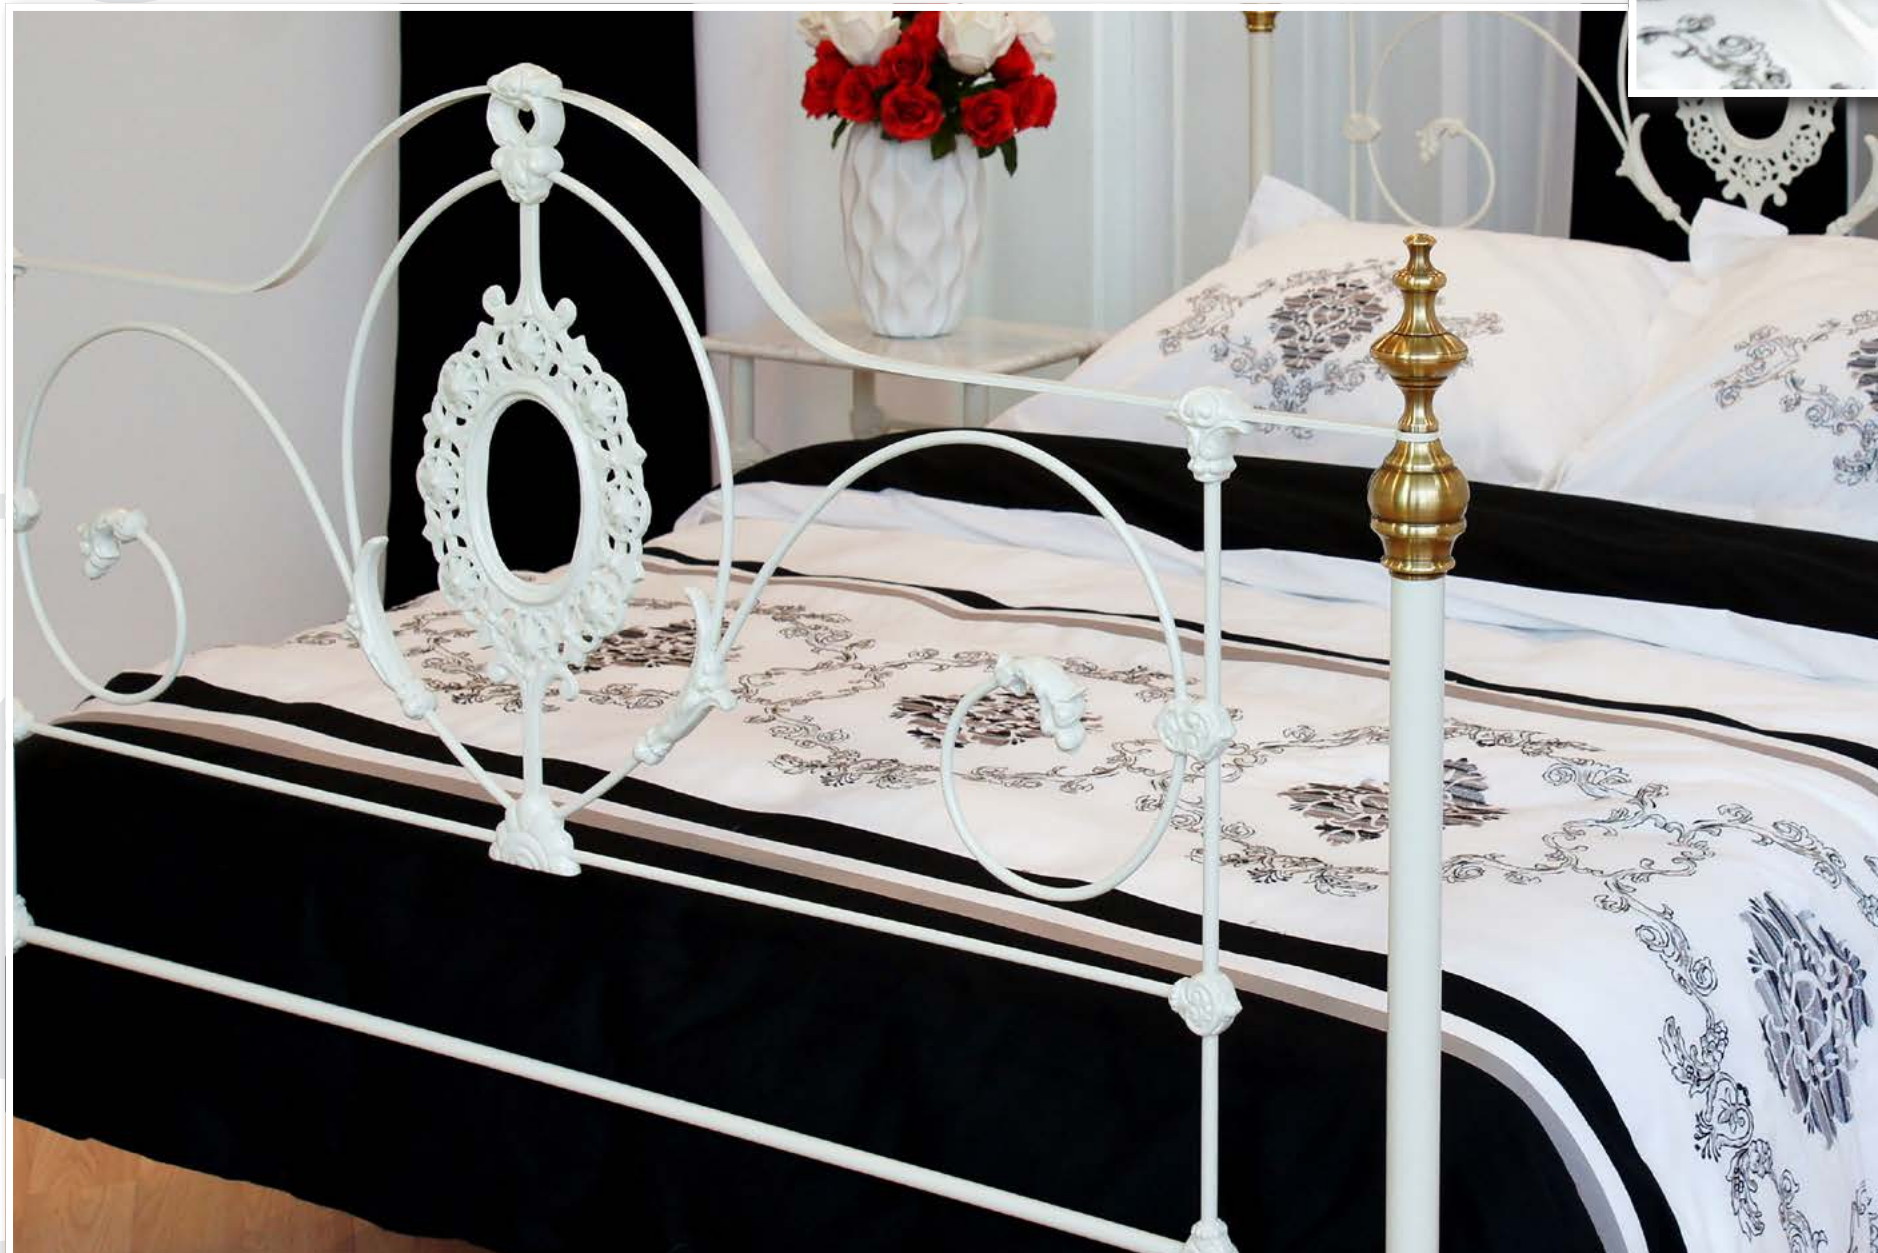

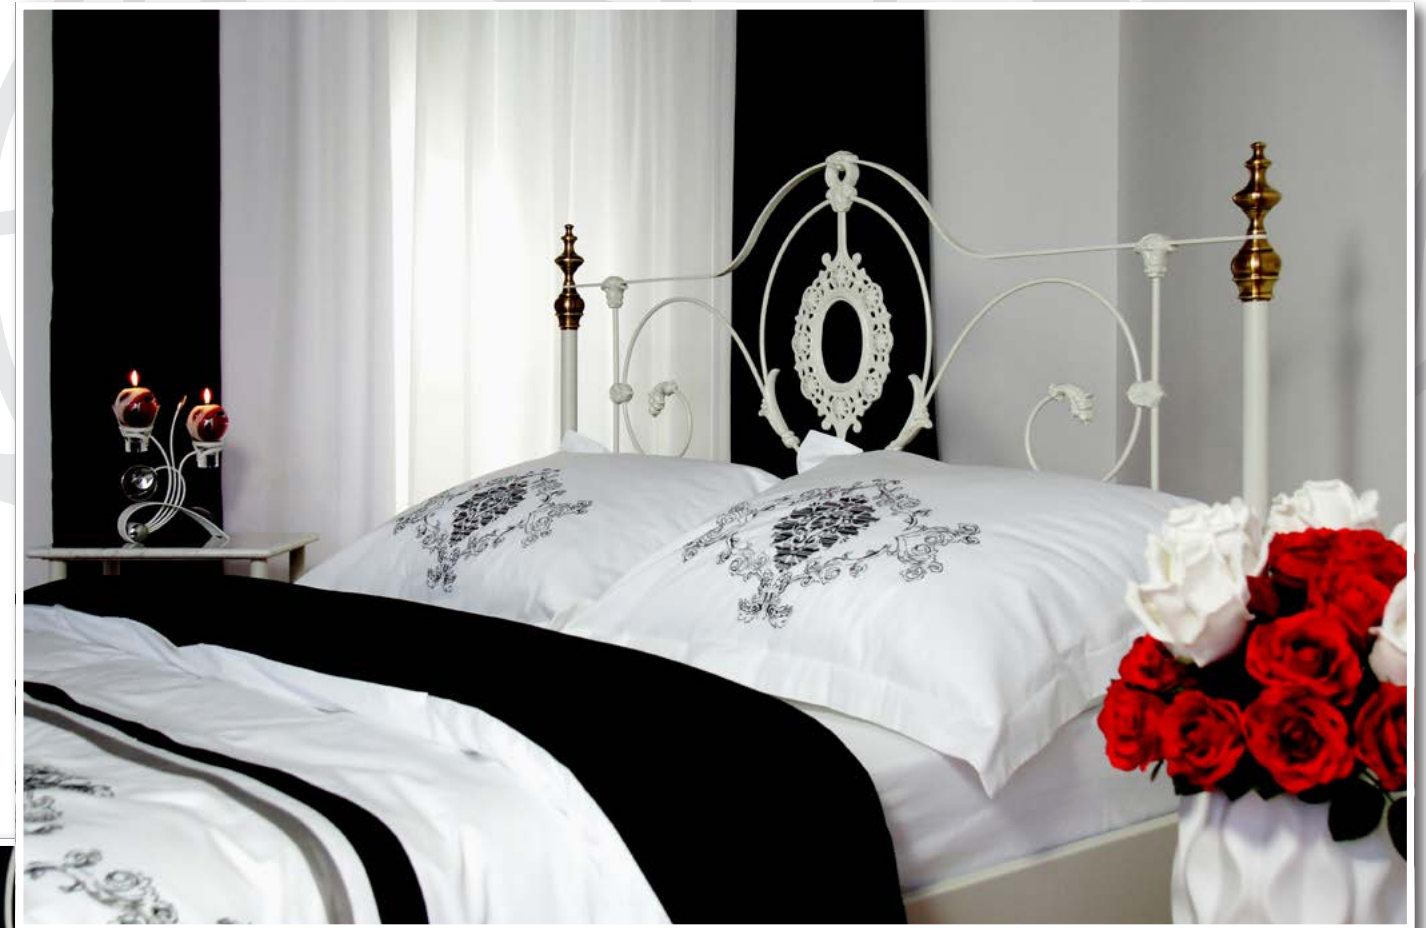

*Here is what distinguishes our bed production:*

- ❖ *Own, original design!*
- ❖ *A wide selection of different styles (about 40 different models from Old English to modern).*
- ❖ *Each bed is made to individual order.*
- ❖ *Very solid structure (for many years, does not creak like wood and is very stable, unlike most cheap metal beds on the market).*
- ❖ *Mattress frame made of resilient plywood elements (provides full comfort of use).*
- ❖ *The structure of the bed, thanks to the use of a safe and stable solution, does not have any support under the bed (which, in the case of many models on the market, makes it difficult for the user to store containers under the bed, and sometimes even to vacuum clean it).*
- ❖ *The use of interesting ornaments and castings, melted from a zinc and aluminum alloy in our foundry furnace.*
- ❖ *Availability of most models in all sizes dedicated to standard mattresses with a width of 90 cm to 200 cm (90, 100, 120, 140, 160, 180, 200).*
- ❖ *Possibility to order a bed in non-standard sizes (e.g. 210 or 220 long, or lower than the standard ones dedicated to bedrooms in the attic)!*
- ❖ *Possibility to order a bed in any color from the RAL color palette.*
- ❖ *Possibility to order other furniture such as bedside tables, benches, pouffes in the style of the selected bed.*
- ❖ *Safe way of packing for transport.*

*Enjoy your bedroom and sleep well!*
